Rev. C. M. Gordon, D.D.,  
St. Stephen's Church,  
Winnipeg, Man.

My dear Dr. Gordon:

I was very glad to get your letter, and shall be pleased to see Mr. McCart when he calls upon me. I shall be glad to do anything I can for Mr. McCart, though there are certain regulations with regard to our Faculties that I have no power to override, even did I judge it expedient to do so.

I am glad to know that you agree with what I had to do in regard to the German Professors last December. It was a difficult situation, but I hope that it is now over.

Am I correct in my inference that you are going to the front with one of the contingents? Your brother has applied for a place on our Hospital, but there are still some difficulties that have not been got out of the way.

With kind regards, I am,

Yours sincerely,

President.
